Section 1 - General Requirements

Rule 1.1 – Statement of Purpose

The Wyoming Game and Fish Department (WGFD) is the official Wyoming affiliate of the National Archery in the Schools Program (NASP) and operates using its national guidance. Archery is an activity in which people from all walks of life and almost every size and ability can participate. The Wyoming National Archery in Schools Program (WY-NASP) is focused on providing a fun, safe environment to participate in archery in the school setting while raising awareness of conservation related sports, responsibility and self-esteem.

Rule 1.2 – Season

The WY-NASP season lasts from the beginning of a school year until the end of a school year.

Rule 1.3 – Scholastic Program

Schools participating in WY-NASP must offer archery as a part of a class's curriculum for a minimum of ten days each school year. WY-NASP can take advantage of student enthusiasm by integrating archery-related lessons into core content classes when archery is being taught during the school day. Lesson plans, for both physical exercises and traditional classroom exercises, can be found on the WGFD's website for the WY-NASP program.

Rule 1.4 – Conduct

- (A) All archers, instructors, parents, and spectators are expected to conduct themselves in an exemplary manner at all times by displaying courtesy, consideration and good sportsmanship to all team members, instructors, competitors, event officials and spectators.
- (B) Breaches of the spirit as well as the letter of the rules constitute grounds for disqualification, suspension or expulsion from the WY-NASP.
- (C) Submitting a team that does not meet the requirements stated herein is a violation of the rules and is expressly prohibited. Violators of this rule will be disqualified.
- (D) Archers who, in the opinion of event officials or the State Coordinator, engage in unsafe behavior or violate any safety rule may be disqualified from further participation.

Rule 1.5 – Divisions

- (A) The WY-NASP has three divisions: elementary, middle school and high school.
- (B) The Elementary Division is comprised of archers currently enrolled in grades 4-6.
- (C) The Middle School Division is comprised of archers currently enrolled in grades 7-8.
- (D) The Senior Division is comprised of archers currently enrolled in grades 9-12.

Rule 1.6 – State Coordinator

- (A) The WY-NASP State Coordinator operates the WY-NASP on a day-to-day basis and serves at the pleasure of the Director of the Wyoming Game and Fish Commission.

(B) The State Coordinator is the final arbiter of all decisions relating to the interpretation of these rules. Decisions of the State Coordinator are final, binding and non-appealable. Registering with the WY-NASP as an individual or instructor constitutes acknowledgement and acceptance of these rules.

Rule 1.7 – Applicability of Rules

These rules govern WY-NASP competitions and archery team activities. Archery activities in the classroom setting shall follow NASP requirements set forth in the Basic Archery Instructor manual and other NASP or WY-NASP guidance documents.

Rule 1.8 – Instructors Training

- (A) All individuals wishing to take a team or individual to any national, state, regional, local or virtual (mail-in or on-line tournament) WY-NASP or NASP competition and/or use any WY-NASP equipment, as provided by the WGFD, must be certified as a Basic Archery Instructor (BAI), Basic Archery Instructor Trainer (BAIT) or Basic Archery Instructor Trainer Specialist (BAITS) in a course that is approved by the State Coordinator. Other certifications will not be accepted.
- (B) Instructors are responsible to fill out the WY-NASP reporting form before their class starts a 10-day or longer training. If this form is not turned in, students will not be eligible for tournaments or competition.

Rule 1.9 – Exceptions

The State Coordinator may grant a waiver or allow a special exception to the rules, so long as the exception or waiver is not prohibited by NASP policies. Such waivers or exceptions shall be made only when doing so is in the best interest of the WY-NASP and its students.

Rule 1.10 – Instructor Eligibility

There are three levels of trainings that are eligible to conduct a WY-NASP program

- (A) Basic Archery Instructor (BAI) -Candidates must meet the following minimum requirements to become certified in and remain a BAI.
 - (1) Must be at least 18 years old
 - (2) Must be trained by an approved BAIT or BAIT Specialist level instructor
 - (3) Must pass the BAI practical & score at least 70% on the written test
 - (4) Teach at least one in-school course every two years, complete a BAIT course or retake the BAI Course.
 - (5) Must submit class information reporting form after each WY-NASP session
 - (6) BAI course length is approximately 8-12 hours
- (B) Basic Archery Instructor Trainer (BAIT) – Candidates must meet the following minimum requirements to become certified in and remain a BAIT.
 - (1) Must be at least 18 years old.
 - (2) Must be trained by an approved BAIT Specialist level instructor.
 - (3) Must pass the BAI practical & score at least 80% on the written test.

- (4) Teach at least one BAI course every year or retake a BAIT course.
- (5) Must submit class information reporting form after each WY-NASP session.
- (6) BAI course length is approximately 24 hours of training (three 8-hour days).
- (C) Basic Archery Instructor Trainer Specialist (BAIT Specialist or Specialist)
 - (1) Complete a BAIT certification and hold the title successfully during one year. During that year you must complete at least four BAI classes.
 - (2) After completing the requirements in #1, teach BAIT class under the guidance of current (BAITS)-24 hours of training (three-8 hour days). Specialist will certify if they see fit.
 - (3) Teach at least one BAI and/or BAIT course every year.
 - (4) Must submit class information reporting form after each WY-NASP session.
- (D) All BAI and BAIT classes must be registered with the State Coordinator at least one month before. Training registration forms can be found on the WY-NASP website.
- (E) The State Coordinator will list the course on the WY-NASP website, register candidates and send information to the BAIT or Specialist prior to class.
- (G) All BAI or BAIT classes will be listed on the WY-NASP website and will be available to any interested instructor. When the class is full it will be marked on the website.
- (F) After completing the BAI or BAIT course, reporting information must be sent back to the State Coordinator within one week of course completion.

Rule 1.11 – WY-NASP Handbook

- (A) All rules in this handbook are subject to change. All changes will be made at the discretion of the State Coordinator. If changes are made they will be posted on the WY-NASP website and an e-mail will be sent to all BAI, BAIT and BAITSpecialists.

Section 2 - Teams and Individual Competitors

Rule 2.1 – Team Composition

All archers competing must be members of a WY-NASP team. Teams must be composed from archers who participated in a class, in their division, in which archery instruction was offered for a minimum of ten days in a school year.

Rule 2.2 – Competing on Multiple Teams

- (A) Each school may enter more than one team per division if the students have been through the 10 day in-school training.
- (B) Schools with a student population of less than 100 students enrolled, may compose one team per division with representatives from other schools in the district that also have less than 100 students enrolled, provided that archery is taught in each school for a minimum of ten days per school year. Schools with less than 100 students that **can** compose a full team may not combine with students from another school. Schools that **cannot** compose a full team may send individual shooters to competition.
- (C) Schools that are single-gender may form one combined team per division with another single gender school of the opposite gender, provided that archery is taught in each school for a minimum of ten days per school year.

- (D) If a school district divides grades within a division between different schools, students from those grades may form a combined team. For instance, if grades K-4 attend an elementary school in a given district and grades 5-9 attend a middle school; students from the 4th and 5th grades from those schools may combine to form an Elementary Division team.
- (E) An archer may only compete on a single team each season. Once an archer is registered with a team, the decision is final and irrevocable unless the archer transfers to another WY-NASP school prior to the state tournament.
- (F) Archers may shoot as individuals as well as on teams.

Rule 2.3 – Instructors

- (A) Instructors must have a NASP certification of Basic Archery Instructor (BAI) or higher.
- (B) Each team must have an instructor aged 21 years or older.
- (C) Each instructor's primary responsibility is to ensure the safety of all archers by emphasizing the safe handling and use of archery equipment.
- (D) Instructors who engage in unsafe practices, or who do not meet the conduct requirements of these rules, may be suspended or expelled.

Rule 2.4 – Archers Per Team

- (A) WY-NASP teams must have at least 16 but no more than 24 archers per team.
- (B) Each team must have at least 5 archers of each gender.

Rule 2.5 – Registration

- (A) All teams and individuals must register with the State Coordinator.
- (B) Only instructors may register teams and individuals. All teams and archers must register with the State Coordinator by the deadlines established by the State Coordinator each season.
- (C) Registration, parental consent forms, photo release and any other required forms must be filed with the State Coordinator each season. No team or individual will be considered registered until the State Coordinator receives all completed, applicable forms.
- (D) Parental consent forms are required from parents or guardians even if the individual archer is 18 or older.
- (E) Each individual, by registering as a team member or instructor, agrees to abide by the rules of the WY-NASP and acknowledges that the decisions of WY-NASP officials are final.

Rule 2.6 – Eligibility

- (A) All properly registered team members and/or individuals are eligible to compete in WY-NASP events.
- (B) Only registered WY-NASP archers may participate in WY-NASP team competitions and practices. Violations of this rule will result in the expulsion of a team from the WY-NASP.

Section 3- Competition

Rule 3.1 – Bows

- (A) Every bow used in WY-NASP classes, practices and competitions must be an official Genesis bow maintained in a safe condition.
- (B) Unless specifically authorized by the State Coordinator, only unmodified, stock bows may be used in WY-NASP competitions.
- (C) Only thread knot or heat shrink nock locaters on bowstrings will be permitted. Brass nocks are not allowed
- (D) A bow may have either one or two nock locaters on them.
- (E) Bows may be any color, including camouflage and custom painting.
- (F) Bows may be shared by archers during competition as long as they shoot in different flights.

Rule 3.2 – Bow Modifications

- (A) Only bows without sights or sight marks may be used.
- (B) If sight marks are present on the face of the riser's sight window on the bow, including scratches or customized painting that may aid in aiming, black electrical tape shall be placed over that area of the bow during competition.
- (C) Camouflage bows may be used, but black electrical tape must be placed over the face of the riser's sight window unless the face of the riser's sight window has been painted black.
- (D) Limb-mounted vibration dampeners are allowed.
- (E) Only bows without release aids and stabilizers are allowed in WY-NASP competitions. Event officials or the State Coordinator may allow release aids for archers with disabilities.
- (F) Only bows without draw stops may be used.
- (G) Bow cams, wheels and arrow rests must be stock and without customization or modification.
- (H) A maximum of two nock locaters may be placed on the center serving area of the bowstring.

Rule 3.3 – Arrows

- (A) All arrows must be stock Easton 1820 aluminum arrows 30 inches in length with glued-on nock and 65-grain target point and fletched with 2.8-inch plastic vanes.
- (B) Arrow shafts, nocks, vanes and points must be in safe working order.

Rule 3.4 – Inspection of Equipment

All bows, arrows and accessories used by participants may be subjected to inspection, including dismantling at the discretion of tournament officials. Anyone found using disallowed equipment or modifications will forfeit their awards and be disqualified from the rankings. Disqualification may affect their team's rank.

Rule 3.5 – Targets

- (A) All targets shall be FITA-style archery targets with an 80-centimeter face.

- (B) Each target shall have 10 evenly spaced concentric scoring rings with the following colors, starting from the center of the target: yellow, red, blue, black and white.
- (C) Paper target covers or faces may be used for more accurate scoring.

Rule 3.6 – Arrow Curtains

Arrow curtains shall be, at a minimum, 30 feet in length and 8 feet in width and made of arrow-resistant fabric or other material approved by NASP regulations.

Rule 3.7 – Ground Quivers

Ground quivers must keep arrows securely in place, require minimal space and provide ample access for archers to remove arrows by grasping them around the shaft and below the fletching. Vertical tubes 18 inches tall and 2-4 inches in diameter with secure bases are recommended.

Rule 3.8 – Comfort Devices

- (A) Archers may wear finger tabs, tape or gloves to protect draw-hand fingers. “No-glove” finger protection devices may be placed on the bowstring. Archers may wear arm guards.
- (B) Finger or wrist slings are allowed. Wrist slings may be attached using the stock bolt that comes with the strap. The bolt must be made of steel or plastic and must protrude one inch or less beyond the bow’s accessory hole.
- (C) Mechanical release aids are not allowed.
- (D) “Sims” vibration dampeners on the bow limbs are allowed.

Rule 3.9 – Flights, Sub-events, and Ends

- (A) In all WY-NASP competitions, each archer shall participate in a flight comprised of one sub-event at a distance of 10 meters (32.5 feet) and one sub-event at a distance of 15 meters (48.75 feet).
- (B) Each sub-event is comprised of 1 practice and 3 scored ends. Only the scored ends may contribute to individual or team scores.
- (C) An end is comprised of 5 arrows.

Rule 3.10 – Competition Range

- (A) A regulation arrow curtain shall be placed 30 inches (76 centimeters) or more in front of any solid object such as a wall or post along the entire length of the arrow curtain.
- (B) The arrow curtain must be attached to sturdy structures in such a manner to allow 3 to 6 inches (7.5 to 15 centimeters) of the curtain to drape onto the floor with folds and wrinkles along its entire length.
- (C) Targets shall be placed as close as possible, but within 30 inches (76 centimeters), from the arrow curtain without pinning it down in a straight line so that the center of each target is approximately 5 feet (1.5 meters) from the center of the adjacent target.
- (D) All entrances and exits downrange of the waiting line must be locked, blocked and/or signed in such a manner to prevent someone from inadvertently walking onto the range.

- (E) A target line shall be marked approximately 2 meters (6.5 feet) from the front of the targets and shall be parallel to the targets.
- (F) Shooting lines shall be marked at intervals of 10 and 15 meters (32.5 and 48.75 feet) from the front of the targets and shall be parallel to the targets.
- (G) A waiting line shall be marked 4 meters (13 feet) beyond the 15-meter shooting line and shall be parallel to the 15 meter shooting line.
- (H) Ground quivers shall be placed at intervals no less than 30 inches (76 centimeters) along the shooting line in use by archers.
- (I) Bow racks shall be placed equal distances between the 15 meter shooting line and the waiting line out of the reach and out of the way of archers when they are behind or at the shooting line.

Rule 3.11 – Outdoor Ranges

- (A) The same general range layout applies to outdoor and indoor ranges.
- (B) In addition to the general range layout, outdoor ranges must either have a barrier or a distance of 50 or more meters (164 or more feet) behind the arrow curtain to prevent arrows from endangering a bystander, structure or equipment.
- (C) When a range is set up outdoors, the range must be in an open area where bystanders can easily see the direction from which arrows are shot and instructors or event officials can easily observe the range and all areas adjacent to the range.

Rule 3.12 – Shooting Position

- (A) When the two-whistle signal is given, archers will “get bow” and walk to and place one foot on either side of the shooting line. Archers will place the cam of the bow on the toe of their foot closest to the target.
- (B) Archers in wheelchairs shall position their chairs in such a manner that the back of the chair is perpendicular to the shooting line and the shooting line bisects the center of the chair.
- (C) At least one of the archer’s feet or one pair of a wheelchair’s wheels must be on the waiting line side of the shooting line until the three-whistle signal to “go get arrows” is given.

Rule 3.13 – Competition Procedure

Event officials to conduct a competition will use the following procedure:

- (1) Archers will report to their assigned lane 30 minutes before their appointed shooting time. If a flight is in progress, waiting archers should remain well behind the waiting line and out of the way of the current flight.
- (2) Four archers at a time will shoot on each lane: two archers will be A archers and two will be B archers. Neither both A archers nor both B archers should be from the same team. If two archers are going to share a bow or arrows, one will be assigned by the event official as an A archer and the other a B archer, one behind the other, so sharing can occur.
- (3) When prior archers have cleared all of the lanes, event officials will signal to the next flight of archers to place their bows on the racks.

- (4) Archers will place their scorecards on band boards and place them on the floor at the target. Pencils will be placed at each target. Two A cards and two B cards are placed on each board.
- (5) If an archer or team wants to use their own arrows, the tournament arrows will be replaced in the quiver with those arrows.
- (6) Archers will return behind the waiting line and all bows will be in racks and arrows in ground quivers.
- (7) Event officials will inspect bows and arrows for compliance.
- (8) After inspections are made and the range is verified as clear, event officials will signal with 2 whistle blasts for A archers to get their bows and approach the 10 meter shooting line for a practice end. Each archer should straddle the shooting line and place the bow on the toe.
- (9) Event officials will notify the archers with one whistle blast that they may begin shooting. The two-minute clock will start as soon as the whistle command is given.
- (10) When an archer has finished shooting, the archer will place the bow back on the rack and return behind the waiting line.
- (11) After all archers are finished and the range is verified as clear, archers will be signaled with three whistle blasts to score and/or retrieve arrows. Only the two archers who shot will approach the targets to score and/or retrieve arrows.
- (12) Each archer will score arrows with the assistance of the other archer that shared the lane. All arrows must be scored before any arrow or the target's face is touched to avoid affecting the score of unscored arrows remaining in the target. Both archers must agree to the scoring; if they are unable to agree, they will request a ruling from an event official on the score. The event official's decision is final. When the arrow values have been recorded on the score sheets, the archers must leave their scorecards on the floor at the base of the targets before they pull their arrows.
- (13) After scoring and safely retrieving arrows, the archers will return the arrows to the ground quivers and return behind the waiting line.
- (14) When all A archers are behind the waiting line and event officials verify that the range is clear, steps 8 through 13 will be repeated for B archers.
- (15) When the 10 meter sub-event (1 practice and 3 scoring ends for the two A and the two B archers) is over, the archers will move the ground quivers to the 15 meter shooting line.
- (16) Steps 8 through 14 will be repeated at the 15 meter distance.
- (17) After the final end of the 15 meter sub-event, all archers and event officials should ensure that all scorecards have been completely filled out and signed by both A or both B archers on their respective score cards.
- (18) If there are any bounce-outs to be reshot, these scorecards will be collected by event officials and when directed, the appropriate archers shall reshoot and score these arrows.
- (19) When all bounce-outs have been shot and scored, all signed scorecards are collected by event officials and delivered to the scoring room.
- (20) When the flight is complete, all archers in the flight will remove their bows from the racks and any personal arrows from ground quivers and leave the range to make room for the next flight.

Rule 3.14 – Time Limits and Readiness

- (A) All ends must be shot by the archer within 2 minutes from the time the shoot whistle command is given.

- (B) All archers should be ready to enter the competition range at least 30 minutes before their scheduled shooting time.

Rule 3.15 – Whistle Commands

- (A) Five or more whistle blasts is the emergency whistle signal and is given when there is a potentially unsafe condition on the range. When the emergency signal is given, all archers shall immediately stop what they are doing and walk behind the waiting line. If archers have bows or arrows in their hands, they shall replace arrows in quivers and bows on racks. If archers are on the shooting line with a bow drawn, they shall slowly ease the string down and replace the arrow in the quiver, the bow on the rack and walk behind the waiting line.
- (B) Two whistle blasts mean that archers may walk from behind the waiting line, *get bows* from the rack, and proceed to the shooting line.
- (C) One whistle blast (shoot) means that archers may *shoot*.
- (D) Three whistle blasts mean that the archers may walk downrange from behind the waiting line to score and *go get arrows* from the target.

Rule 3.16 – Safety

- (A) All archers must promptly obey whistle commands.
- (B) Bows will only be shot when there is an arrow safely nocked on the bowstring and the bow is being pointed safely downrange toward the target. Dry firing, or shooting the bow without an arrow, can harm archers, bystanders, or equipment.
- (C) If an archer drops an arrow on the floor while at the shooting line, the arrow must remain on the floor. If the archer raises his or her hand, an event official will provide the archer a replacement arrow. The dropped arrow will be picked up **only** by a range official and after the three-whistle signal to “go get arrows” has been made.
- (D) Only archers and event officials are permitted to step over the waiting line towards the shooting line or targets. All spectators, parents, instructors, coaches and waiting archers must remain behind the waiting line.
- (E) Archers may only nock an arrow once the one-whistle signal has been given to begin shooting. While nocking and once nocked, the arrow must always be pointed toward the target.
- (F) All archers, instructors and spectators will follow the instructions of event officials or the State Coordinator.
- (G) Walking is the only speed an archer or other persons may move about the archery range.
- (H) Rules violations or other conduct which risks the safety of archers, instructors or spectators may result in disqualification or expulsion from the WY-NASP.

Rule 3.17 – Coaching

During an event, instructors must remain safely behind the waiting line at all times, including during scoring. Instruction may be given to archers between ends when archers are also behind the waiting line.

Section 4 - Scoring

Rule 4.1 – General Scoring

- (A) Points shall be awarded to archers based upon the location in the target of arrows shot by the archer.
- (B) The rings of the target, starting from the center to the edge of the target, shall be scored accordingly:

| | |
|-------------------|-----------|
| Inner Yellow Ring | 10 points |
| Outer Yellow Ring | 9 points |
| Inner Red Ring | 8 points |
| Outer Red Ring | 7 points |
| Inner Blue Ring | 6 points |
| Outer Blue Ring | 5 points |
| Inner Black Ring | 4 points |
| Outer Black Ring | 3 points |
| Inner White Ring | 2 points |
| Outer White Ring | 1 point |
| Outside or Miss | 0 points |

- (C) Arrows missing the target completely or hitting the target outside the 10 rings are scored as ‘0’ points and are not reshot.
- (D) If an arrow is touching a line dividing two scoring rings, the arrow is awarded the higher score.
- (E) If event officials permit archers to score their arrows, both archers shooting during the sub-event must agree on and record the arrow’s value **before** touching any arrows in the target; if archers disagree as to proper scoring, the disagreement shall be resolved by a scoring official.
- (F) Decisions made by the scoring official are final.

Rule 4.2 – Scorecard

- (A) Each archer shall be provided an official score card; a souvenir scorecard may be provided at the option of event officials.
- (B) The scorecard shall show the scores earned by the archer in each sub-event.
- (C) Score cards must remain clean, unbent, unfolded and unwritten upon outside of the score-marking area.
- (D) At the conclusion of the flight, both archers competing on the same target will sign each other’s scorecards.
- (E) The scorecards of the competition shall be official and shall solely govern all scores, standings, awards and records of the competition.

Rule 4.3 – Bounce-outs

- (A) If an arrow strikes the target face and bounces off, or if an arrow strikes another arrow in the target and falls or bounces off of the arrow, the score for that arrow is left blank and is reshot at the conclusion of shooting of that sub-event as directed by the event officials.

- (B) If tournament rules permit, event officials may provide each archer another arrow to shoot immediately after a bounce-out has occurred rather than waiting until the end of the end or sub-event.

Rule 4.4 – Excess Arrows

If an archer shoots more than the allotted number of arrows per end at the target, the lowest scoring arrows shot will be scored for that end. For example, if an archer shoots six arrows, five of which are 10's and one of which is a 9, then one of the 10's is forfeited.

Rule 4.5 – Team score

A team's score is the sum of the team's highest 12 individual scores, with at least 4 scores of both genders.

Rule 4.6 – Ties

- (A) In the event of a tie among teams, the number of 10's recorded by each team is used to determine final standings.
- (B) If a tie remains between or among teams or if individuals are tied for 1st through 5th places, a shoot-off will be used to determine the place of finish and will proceed as follows:
 - (1) One archer from each team shoots one end from 15 meters.
 - (2) A team whose archer scored the most points during the end shall be declared the winner.
 - (3) If a tie still exists, different representatives from each team will shoot one end from 15 meters until a winner is determined.
 - (4) No team member may shoot again in the shoot-off round until all other team members have shot at least once.
 - (5) Shoot-offs between individuals will follow (1) through (3) above.

Rule 4.7 – Protests

- (A) Protests can only be made concerning tabulation errors or equipment; no other protests will be considered.
- (B) Protests must be made within 60 minutes of the close of the flight which such protests relate.
- (C) Protests must be made to the State Coordinator or to his designates. A location will be provided for instructors to review scores, should they opt to do so. Video evidence will not be considered. The decisions of event officials on all protests are final.
- (D) Protests may only be made by an instructor whose archers competed in the flight.

Rule 4.8 – Disqualification

- (A) Any archer, instructor or team may be disqualified at any time by the State Coordinator whenever the following prohibited conduct is brought to his or her attention:
 - (1) If, in the opinion of the State Coordinator, an individual disrupts the event.
 - (2) Archers fail to timely report for competition.
 - (3) An archer fires an arrow at any place or time other than those specified by these rules.

- (4) If, in the opinion of the State Coordinator, an individual behaves in other than a sportsmanlike manner including, but not limited to, physical abuse, verbal abuse, or threats of any type directed to any person.
- (5) If, in the opinion of the State Coordinator, an individual interferes with the management of the event.
- (6) If an individual continues to argue a protest after a final decision is made.
- (7) If an archer uses equipment during a competition which does not conform to WY-NASP or NASP requirements.
- (8) If, in the opinion of the State Coordinator, an archer or instructor is under the influence of alcohol or drugs.
- (9) Any other conduct by an individual, which, in the opinion of the State Coordinator, casts the WY-NASP in disrepute.
- (B) Disqualified individuals must immediately leave the competition facility.
- (C) "Individual" for purposes of this section includes archers, instructors, assistant instructors, parents or spectators, which can be identified with a team.
- (D) Teams with a disqualified archer will have the disqualified archer's score of 0 counted as one of the twelve scores for purposes of calculating the overall team score.
- (E) The State Coordinator may expel or suspend an individual, team or instructor from the WY-NASP on the basis of the disqualification or other conduct that, in his opinion, casts the WY-NASP in disrepute.

The State of Wyoming and the Commission do not waive sovereign immunity by entering into this agreement and specifically retain immunity and all defenses available to them as sovereigns pursuant to Wyoming Statute § 1-39-104(a). The Commission is not responsible for any damage or injury to the undersigned or any other party as a result of the use of items. The undersigned shall indemnify, defend and hold harmless the State, the Wyoming Game and Fish Commission, and their officers, agents, employees, successors and assignees from any and all claims, lawsuits, losses and liability arising out of the undersigned's negligent operation or use of the canoe(s) and/or archery equipment.

Secondary insurance may be available, to find out how to obtain or for more information visit the NASP website at www.nasparchery.com

The Wyoming Game and Fish Department receives financial assistance in Sport Fish and Wildlife Restoration. Under title VI of the 1964 Civil Rights Act, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior prohibits discrimination on the basis of race, color, national origin, age, sex, or disability.
